No. 95, Katukuruda, Moratuwa, Colombo, Sri Lanka

TECHNICAL SKILLS

LANGUAGES/Frameworks

- Android
- iOS
- Flutter/Dart
- Laravel/PHP
- Node.js
- React
- Spring Boot/Java

DATABASE SERVERS

- SQL Server
- My SQL
- MongoDB
- Firebase Realtime Database
- GraphQL

MOBILE DATABASES

- SQLite

CLOUD SERVICES

- Firebase
- Hostinger
- Cpanel

STATE MANAGEMENT

- Provider
- RiverPod

ARCHITECTURAL PATTERN

- MVVM
- MVC

APIS

- Google API
- Firebase

IEDS

- Android Studio
- VS Code
- Xcode
- Eclipse
- Visual Studio

PROFILE SUMMARY

Software Engineer with over 3 years of experience in mobile and web application development, specializing in Flutter, Laravel, and React. Proven track record of delivering high-performance applications across banking, e-commerce, and transportation domains. Skilled in integrating secure payment gateways, including Stripe, LankaPay, Google Pay, and Apple Pay. Experienced in the full software development lifecycle, from UI/UX design to deployment, with a strong focus on scalability, performance, and user experience.

PROFESSIONAL EXPERIENCE

- Stalione lanka PVT LTD -Mobile Developer 2025 SEP - PRESENT
- People's Leasing and Finance PLC - Senior Software Developer 2023 AUG - 2025 AUG

EDUCATION

- **BEng (Hons) Computer Science (Software Engineering)** 2024
Kingston University London
First Class Honours
- **Higher National Diploma (HND) in Software Engineering** 2020-2023
Pearson College London
Result: Pass
- **GCE Advanced Level (A/L)**
St. Sebastian's College Moratuwa 2019
Stream: Commerce
- **GCE Ordinary Level (O/L)** 2016
St. Sebastian's College Moratuwa

CERTIFICATE

- **Encode-Decode Architecture** 2025
Google Cloud Training Online Simplilearn
Certificate ID: 7762212
- **Introduction to Flutter Course** 2024
Google Cloud Training Online Simplilearn
Certificate ID: 7207732
- **introduction to Artificial Intelligence** 2024
Google Cloud Training Online Simplilearn
Certificate ID: 6727508
- **Certificate In JAVA** 2022
Esoft Metro Campus
- **Diploma In ICT** 2019
Esoft Metro Campus

AWARDS

- Merit
PLC Touch App - Mobile app 2023

National ICT Awards NBQSA Sri Lanka

- Best Digitalization Process Enabler
PLC Touch App - Mobile App 2023

PROJECT DETAILS

• PLC Touch

Client - Peoples leasing and Finance PLC

Developed the PLC TOUCH mobile banking application using Flutter, integrating the LankaPay gateway to enable secure fund transfers, bill payments, and real-time account management.

Responsibilities:

- Developed scalable mobile applications using Flutter and Dart
- Selected tools and technologies for mobile development.
- Tested, debugged, documented, and monitored applications.
- Analyzed user requirements and handled client communication.
- Managed Google Play accounts and Apple app Store connectors.
- Flutter version upgrade.

Tools and Technologies:

Flutter, dart, Bitbucket, Agile / Scrum, REST API, MVVM, Telco SDK, Lankapay Payment sdk,

• PLC CAPP

Client - Peoples leasing and Finance PLC

Designed and developed the PLC CAPP mobile app using Flutter to enable remote credit proposal data collection and speed up loan approvals.

Responsibilities:

- Developed scalable mobile applications using Flutter and Dart
- Selected tools and technologies for mobile development.
- Tested, debugged, documented, and monitored applications.
- Analyzed user requirements and handled client communication.
- Managed Google Play accounts and Apple App Store connectors.
- Flutter version upgrade.

Tools and Technologies:

Flutter, dart, Bitbucket, Agile / Scrum, REST API, MVVM, Google map API.

• Kreyol App

Client - Freelance Mobile App

This is the dating mobile app for the USA. Upgraded application versions and integrated Google Pay and Apple Pay payment gateways.

Responsibilities:

- Integrated Google Pay payment gateway.
- Integrated Apple Pay payment gateway.

Tools and Technologies:

Flutter, dart, Bitbucket, Google and Apple payment gateways..

• DUBPC Mobile app

Client - Stalione Group

Designed and developed the frontend of a vehicle booking and sales mobile application using Flutter and Dart, integrating the Stripe payment gateway. The application was primarily targeted for users in Australia and New Zealand.

Responsibilities:

- Developed scalable mobile applications using Flutter and Dart
- Selected tools and technologies for mobile development.
- Tested, debugged, documented, and monitored applications.
- Analyzed user requirements and handled client communication.
- Managed Google Play accounts and Apple App Store connectors.
- Managing Stripe payment gateways.

Tools and Technologies:

Flutter, dart, Bitbucket, Agile / Scrum, REST API, MVVM, Stripe paymentgateway, Google map API.

• EQUUS Mobile app

Client - Stalione Group

Developed Equus, a user feedback management mobile application, handling both frontend and backend development. Implemented real-time feedback collection, offline data synchronization, and Stripe payment integration.

Responsibilities:

- Developed scalable mobile applications using Flutter and Dart
- Selected tools and technologies for mobile development.
- Tested, debugged, documented, and monitored applications.
- Analyzed user requirements and handled client communication.
- Managed Google Play accounts.
- Managing Stripe payment gateways.

Tools and Technologies:

Flutter, dart, Bitbucket, Agile / Scrum, REST API, MVVM, Stripe payment gateway, SQLite database, Laravel, Hostinger, Mysql.

VERSION CONTROLLERS

- Git
- SVN
- Bitbucket

PAYMENT GATEWAYS

- Stripe
- LankaPay
- Apple Pay
- Google Pay

OTHER

- Atlassian Jira
- Figma
- Crashlytics

SOFT SKILLS

- Problem-solving and critical thinking.
- Strong communication skills.
- Team collaboration and leadership.
- Adaptability and flexibility.
- Time management and prioritization.
- Attention to detail.
- Self-motivation and discipline.
- Creativity and innovation.
- Accountability and responsibility.
- Continuous learning mindset

EXTRACURRICULAR ACTIVITY

- Member of the School Cricket Team.
- Member of school commerce society.
- Member of UB Finance cricket team.
- Member of People's Leasing Cricket team.

- **LeadMe Mobile app**

Client - Freelancing

Developed Equus, a user leads management mobile application, handling both frontend and backend development. Implemented real-time lead management collection.

Responsibilities:

- Developed applications using Flutter, Dart and Laravel.
- Selected tools and technologies for mobile development.
- Tested, debugged, documented, and monitored applications.
- Analyzed user requirements and handled client communication.
- Managed APK file and IPA file

Tools and Technologies:

Flutter, dart, Bitbucket, Agile / Scrum, REST API, MVVM, Laravel , CPanel, Mysql.

- **VR Theme Park Website**

Client - VR Theme park(Stalione Lanka Project)

Developed a 3D-enabled website using Laravel, including the admin panel, frontend, and APIs to integrate with the POS system.

Responsibilities:

- Developed applications using Laravel.
- Selected tools and technologies for website development.
- Tested, debugged, documented, and monitored website.
- Analyzed user requirements and handled client communication.
- Manage the admin panel and API integration.

Tools and Technologies:

Laravel, Bitbucket, Agile / Scrum, REST API, Hostinger, MySQL.

- **Kundrathukumaran Website**

Client - Kundrathukumaran Temple(Stalione Lanka Project)

Developed a React and Gatsby-based website for the Kundrathukumaran Temple.

Responsibilities:

- Developed applications using Gatsby.
- Selected tools and technologies for website development.
- Tested, debugged, documented, and monitored website.
- Analyzed user requirements and handled client communication.
- Manage the admin panel and API integration.

Tools and Technologies:

React, Bitbucket, Agile / Scrum, REST API, Hostinger, MySQL.

- **CachingPay Website**

Client - CachingPay (Stalione Lanka Project)

Developed a React and Gatsby-based website for the Kundrathukumaran Temple.

Responsibilities:

- Developed applications using Gatsby.
- Selected tools and technologies for website development.
- Tested, debugged, documented, and monitored website.
- Analyzed user requirements and handled client communication.
- Manage the admin panel and API integration.

Tools and Technologies:

React, Bitbucket, Agile / Scrum, REST API, Hostinger, MySQL.

- **Hoombar Website**

Client - Freelance

Developed a Laravel-based web application for a music band in Sri Lanka.

Responsibilities:

- Developed applications using Laravel.
- Selected tools and technologies for website development.
- Tested, debugged, documented, and monitored website.
- Analyzed user requirements and handled client communication.
- Manage the admin panel and API integration.

Tools and Technologies:

Laravel,Git, REST API, Direct adminpanel, MySQL.
